

CLEAN WATER FUND  
**ONE WATERSHED,  
 ONE PLAN**  
 PROGRAM

**GRANT PERIOD:**  
 From: November 25, 2014  
 To: June 30, 2016

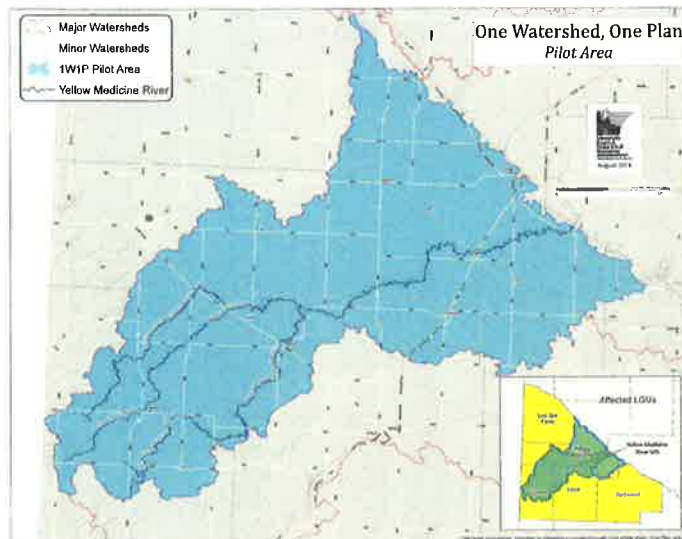

**Grant Budget & Expenditures**

*NOTE: Expenditure Totals are from  
 Area II Treasurer's Report  
 for Month ended December 31, 2014*

Plan Development Assistance \$3,856.00	
Gather and Review Watershed Information \$22,236.00	
Public Informational Kick-off Meeting \$6,200.00	\$ 100.00
Draft Plan - Continue to Gather Information \$12,872.00	
Draft Plan - Analyze and Prioritize \$36,809.00	
Draft Plan - Establish Measurable Goals \$34,741.00	
Draft Plan - Implementation Plan \$36,315.00	
Meetings Outside Identified Tasks \$4,360.00	
Expenses (Maps, printing, travel, etc.) \$15,000.00	
Grant Administration \$17,461.00	
<b>Total Budget</b>	<b>\$191,610.00</b>
<b>TOTAL 2014 EXPENDITURE</b>	<b>\$ 100.00</b>

**Project Title: 2015 One Watershed, One Plan Pilot -  
 Yellow Medicine River Watershed  
 (Area II Minnesota River Basin Projects, Inc.)  
 CONTRACT NO. P15-6980 \$191,610.00**

**Project Partners:**

- Lac qui Parle County
- Lac qui Parle SWCD
- Lincoln County
- Lincoln SWCD
- Lyon County
- Lyon SWCD
- Yellow Medicine County
- Yellow Medicine SWCD
- Yellow Medicine River Watershed District
- Area II MN River Basin Projects, Inc.

**Overall Project Description**

The State of Minnesota has a long history of water management by local governments. **One Watershed, One Plan** is rooted in this history and in work initiated in 2011 by the Local Government Water Roundtable consisting of: Association of Minnesota Counties, Minnesota Association of Watershed Districts, and Minnesota Association of Soil and Water Conservation Districts. Roundtable members determined that it is in the public interest to manage groundwater and surface water resources from the perspective of watersheds to achieve protection, preservation, enhancement, and restoration of the state's valuable water resources. Supporting this determination, the Roundtable recommended that the local governments charged with water management should organize and develop focused implementation plans on a watershed scale.

The recommendation was followed by the **One Watershed, One Plan** legislation that permits the Minnesota Board of Water and Soil Resources (BWSR) to adopt methods to allow comprehensive plans, local water management plans, or watershed management plans to serve as substitutes for one another, or to be replaced with one comprehensive watershed management plan. The legislation also required BWSR to establish a suggested watershed boundary framework for these plans. **One Watershed, One Plan** is the next logical step in the evolution of water planning in Minnesota.

The **One Watershed, One Plan** vision is to align local planning and implementation with state strategies over a 10-year transition period into plans built largely around the state's major watersheds. Operating procedures to achieve this vision will be tested by selected LGUs developing the first plans through **One Watershed, One Plan**. The Yellow Medicine River watershed was selected as one of the five pilot projects for this new water planning effort.

The Project Partners have entered into a Memorandum of Agreement for this planning effort. Grant Administration is being provided by Area II Minnesota River Basin Projects, Inc. No local match to the grant funds are required.
